case be permitted, and each of the several classes of coal produced at the above-named colleires will be kept strictly separate from the others. All sales will be made under the following designations:—

1. Hard White Ash Coal.
2. Free-burning White Ash Coal.
3. Schuylkill Bed Ash Coal.
4. Alaska Red Ash Coal.
5. Shamokin White Ash Coal.
6. Shamokin White Ash Coal.
7. North Frantlin Coal.
8. Lorberry Coal.
9. Lykens Vallev Veln Coal.
11. In order that all coal shall be shipped in good order, a most rigid system of inspection, both at the mines and at the shipping ports, will at ait times be enforced. In every district of the coal region there will be appointed a number of competent persons, skilled in the proper force is at all times employed in removing state, and to prevent, if possible, any coal being sent from the mines in bad or der. In addition to these efforts at provontion no means will be left untried at the shipping ports to cure the evils of carcless preparation. At Schuylkill Haven, Port Chinon and Port Richmond all coal while subjected to the personal examination of a skilled in subject to the personal examination of a skilled impactor before it is shifped, and if condemned by him will be dumped in places provided for the purpose, and before being loaded in the shipping ports, which we have been controlling a production greater than that of any other sollier, and embracing more than two-thirds of the coal to be shipped from Port Richmond, the company are fully alive to the great importance of careful preparation, and will spare no expense to secure for their coals a reputation second to none in the country.

The company's ownership of 90.00 acres of coal land in the first and second coal fields; the proximity of those regions to thewater at Philadelphia; the advantages of the coal coasumed upon the Atlantic coast. In addition to these geographical and local advantages, the fact that they are the only one of the large mining companies whose lands produce all the known varieties of anthracite coal tr

for domestic purposes, gives them an additional claim upon the favorable consideration of the coal purchasing community.

The anthracite coal trade of this country will hereafter be controlled and prices established by those who activated ally represent the ownership of the coal itself, and the rainous suspensions of mining and fluctuations of prices will be avoided. It will be the great aim of the company to induce a feeding of confidence on the next of their customers, so that relatiers and manufacturers may take advantage of their capits to the distributions of the company to any apprehension that the value of their stock will be impaired by any subsequent action of the company.

On or about the 20th of each mouth throughout the season circulars will be issued from the General Office of the company, in Philadelphia, establishing prices for the succeeding month, and orders may be sent either to the Treasurer of the company at any time before the first day of April, 1873, for the purchase of a stated quantity of coal, to be taken in equal monthly proportions at current circular prices throughout the season; and if any such proposition is accepted by the company the purchaser may, on or before the first day of any month, have the privilege of declining to take the proportion due in such month, but such declined.

in lieu of that so declined. PRANKLIN B. GOWEN, President. Риздания. Feb. 5, 1873. A.-TEN THOUSAND CASH GIFTS,

EDWARD EVERETT for 1873.

Mr. Ponner's Horse Edward Everett (formerly Major Windled) will stand at my place, the Lagrange farm, near Gosken, Orange county, beginning on the 1st of April, 1873.

Terms, without any exception, 2206, payable invariably before service, \$100 of which will be returned if the mare does not prove with foni.

Edward Everett was sired by Rysdyk's Hambletonian, dam by imp. Margrave.

Edward Everett was sired by Rysdyk's Hambletonian, dam by imp. Margrave.

Edward Everett is the sire of Mr. Bonner's horse Joe Elliott, who last Summer trotted a mile at Mystic Park in 2;15½, which is the fastest mile ever trotted by any horse of any age, either in public or private. Edward Everett is also the sire of Commodore Vanderbilt's great horse Mountain Boy, who died last Nevember during the epizooty. The following extract from an interview be tween the Commodore and a reporter will show what the Commodore thinks of the stock:

Reporter—What is Mountain Boy's record!

Mr. Vanderbilt—His best time was 2;20. Four years ago he was matched in Boston against Lady Thorne. The Boy beat her six races out of eleven, the three best straight heats being inside of 2;21. But he was not in condition then, and ought not to have been put on the course on account of his corns. He has made a quarter mile in thirty-one seconds. That is the fastest time ever made.

The Commodore during the same interview said:—

mile in thirty-one seconds. That is the fastest time ever made.

The Commodore during the same interview said:

He was the best horse I ever saw, and I think so yet. He never went on the course in proper condition—was never thoroughly trained. I bought him when he was never thoroughly trained. I bought him when he was six years old and have owned him six years. He had just reached the right age, was without fault or blemish, reliable in every way, and could after training have beaten any hore in the world. (Slowly and with emphasis)—He was the instest horse in the world.

Mr. Bonner does not agree with the Commodore that Mountain Boy was the instest horse in the world, but it is undoubtedly true that he was the fastest horse the Commodore ever owned; so it will be seen that Mr. Benner's fastest horse, Joe Elliott, who trotted in 2:15½, and Commodore Vandephilt's fastest horse. Mountain Boy were both sired by Edward Everett. He is also the sire of Judge Fullerton, who has trotted in 2:213½, and who heat Gazelle last Fall in a fourth heat; of the Stratton filly, that was sold recently for \$4.50; of the Middletown colf, of the Ripatrick mare, the Marshall colt, the McGrath colt, the Packer colt, Mr. Low's colt and many more.

I will keep all brood mares at \$3 per month for grass and \$5 per bushel for any grain which the owners request to have fed to them. All accidents and escapes at the risk of the owner. All letters respecting this horse must be addressed to the subscriber, at Goshen, Orange county, N. Y.
